WHY CHOOSE INTEGROVE.

Innovation

We can help you innovate and realise the full value and elasticity of cloud systems. Our innovation lab provides a steady flow of practical, tested innovation. Our lab is fully equipped with the latest technologies to enable rapid prototyping.

Strategy

We don't believe in one-size-fits all, our solutions are tailored to fit your needs. Let us help you create strategy that will maximise your cloud and innovation potential.

Implementation & Governance

Our team of experts can guide your own team to build, implement, and govern your cloud solutions.

STRUGGLING WITH?

Cloud Strategy and Planning

By offering tailored advice and detailed roadmaps, our experts help you leverage cloud technologies efficiently, enhancing scalability, security, and overall business agility.

Cloud Management and Optimisation

If you feel like you are losing control of rapidly escalating cloud costs and governance of resources, our teams can advise on monitoring, performance tuning, security, and compliance management.

Implementation and Migration

During implementation and migration, services focus on helping customers transferring data and applications to the cloud securely and setting up hybrid integrations where needed.

OUR KEY SKILLS.

Solution Architecture

Adopting microservices architecture for your application enables you to truly benefit from cloud deployment.

Cloud Based Analytics

Using BI tools, such as Microsoft Power BI, we provide business intelligence and data analytics services.

Agile Development Team

With expertise in all the latest technologies, we can get your software solution built quickly, cloud-ready and performing optimally.

Cloud Migration

Re-host your existing applications to the cloud and ensure you benefit from your chosen cloud platform.

Azure Cloud Provision
